Re: Chinook Construction Company  
Emery County, Utah

Mr. Gerald Nielson, Attorney for Chinook Construction and their U.S. subsidiary, Colt Mesa Mining Company, discussed the filing status for the surface mine operated by Chinook, west of Green River, Utah with me on the 9th of August 1977.

Forms were supplied to Mr. Nielson so that filing can commence for this operation. He committed to filing by the 30th of August 1977, a Mining and Reclamation Plan and will so state by letter communication to this office.
